Settings to allow pop-ups in popular browsers

This guide is for popular PC browsers and their settings to allow pop-ups. Blackboard makes use of pop-ups and it is advised to allow them for Blackboard related websites. Mobile devices will function a bit differently. This guide is not recommended for mobile devices.

Chrome

1. Begin by clicking on the 3 dots in the upper right corner of the Chrome browser
2. Select 'Settings' from the list
3. Click on 'Privacy and Security' from the menu on the left
4. Find 'Site Settings' at the top of the Privacy and Security menu and click on it
5. At the bottom of the page, under Allowed to send pop-ups and use redirects, click 'Add'
6. Type in or copy and paste: *https://usafsam.blackboard.com:443* and click 'Add'
7. Finished! You may X out the tab or close the entire browser now

_____
